ATHLETE DECLARATION FOR DUAL SPORT PARTICIPATION

It is the intention of the athlete named below to participate in two sports during the same season. In order for this to occur the following stipulations must be met:

1. The athlete must declare which sport is primary and secondary for participation purposes.
2. The Head Coaches of each sport must mutually agree to the participation of the athlete in two sports. This may include which event in which the involved athlete may participate.
3. Letter award criteria will be established by the Head Coaches of the involved sports. Any changes from normal lettering criteria must be written on this form under additional stipulations.
4. Approval may be denied because of academic concerns at any time during the sport season. The athlete then will participate in the primary sport only.
5. An athlete who enters into a two sport participation situation must continue for the entire season, unless the Head Coach determines a need for ending the agreement.
6. Practice and Game/Meet requirements must be established prior to the sport season. This should be in writing below.
